

iNATURALIST HIKE

**EVERY FIRST
SATURDAY
OF THE MONTH**

10:00 AM -12:00 PM

Become a citizen scientist with this handy free app! iNaturalist helps you identify plants, wildlife, animal tracks, and more with the snap of a photo. Your photos help biologists, scientists, and curators document species all over the world.

Participants will learn about the app's features, how to set up a profile, and will even record their own observations on a guided walk. The best part is, you don't have to be a plant or wildlife expert to join the fun!
